

"We Are Here to Stay"

You Can Depend Upon Our Service

It is prompt, reliable, satisfactory. You get what you pay for here, and you pay only for what you get.

Our constant aim is to render strictly high-class service—the kind that appeals to those who are willing to allow the store that serves them to make a reasonable profit. Our aim is "to make a steady customer out of every patron." Our methods seem to attract those who want full value received in every transaction, for our customers know that we do not offer some standard article below cost, trusting to get even later by cashing in on the possible ignorance of the customer by selling some unfamiliar article at an exorbitant figure.

LEAGUE LEADERS MAY CHANGE IN ANOTHER WEEK

If Luck Don't Change for Philadelphia in National Circuit, Either New York or Chicago Is Coming Up on Top of Bunch.

NEW YORK, Aug. 10.—Another week of National league baseball similar to that which ended yesterday will find Philadelphia poised for the leadership with either Chicago or New York at the top.

The Quaker City club yesterday concluded a disastrous invasion of Chicago and Pittsburgh, losing twice to the Cubs and three to the Pirates, even Alexander being unable to hold down either of these teams. One game, however, was won over Pittsburgh, was Philadelphia's lone victory in seven playing days.

Meanwhile Chicago and New York, in the fifth and sixth positions respectively one week ago, have been advancing. The Cubs enjoyed a clean sweep week of five games and the Giants, losing only two out of eight played. These two teams were the only ones which obtained better than an even break.

St. Louis remained in seventh place and Cincinnati in eighth, but all the other clubs except Philadelphia were engaged in shifting their positions.—New York and Chicago climbing and Brooklyn, Pittsburgh and Boston descending. Brooklyn regained its lost ground, however, by today's double victory over Chicago.

Boston within a week has ranked as high as a tie for second place, to as low as sixth place after being defeated by St. Louis.

In the American league Washington showed excellent form, taking six out of seven games. Johnson and Ayres came through in fine style, each with two games to his credit, and the team is beginning to be discussed as a remote pennant possibility. Ten games behind third place last Sunday Washington has within one week reduced this gap to six and one half games. Twenty-one victories out of the last thirty-one games played in the Washington record—a pace slightly better than either Boston or Detroit within the same period. The Senators gained little on the White Sox and the Tigers, however, as the leaders took three out of four games; and Detroit, winning five out of seven, passed Chicago for second place. New York, taking three out of four was the only second division club to do better than break even. Cleveland, by the loss of a doubleheader slipped back from sixth to seventh place. Philadelphia won a single game in one week, making five victories in 25 attempts. No American league club, representing that city has in years done so poorly. With five clubs virtually on even terms in the Federal league race the past week show two changes in their relative position.—Chicago was dethroned by Kansas City and could not again resume the lead as New York climbed to a place in the first division, passing St. Louis.

Exciting Race Through Town And a Few Other Exciting News Items

Harry Crandall beat Ellie Wilson, from Center street to the fair grounds yesterday. Marvelous and almost impossible says someone. Why were they allowed to speed through the town? Where were the police? A few million, more or less, such questions could be promulgated along that line, but the real truth, which don't hurt in this case is, that Harry was ahead of Ellie for the very simple and concise reason that he was towing the little cuss, who was mounted on his Merkle racer, by a string attached to the rear end of Harry's machine and attached to the front end of Ellie's racer. Very simple. Q. E. D.

Of the three players who went from Phoenix to play in the Coast league, Lynn, Nutt and McArdle, Lynn is leading them all in batting. Byrd has been in 18 games, 35 times at bat, made 9 runs, 13 hits, of which two were 2 baggers, and one was a home run. His average is .361. Nutt is second on the select list of former Phoenixians with an average of .262. He has played in 15 games, been at bat 19 times, made three runs, secured five hits, one being a two bagger. McArdle is at the tail end with the infinitesimal average of .184. Harry has been in 22 games, been at bat 76 times, made six runs, purloined 14 hits, one of which was a two bagger. Don Rader, who was a great favorite with Phoenix fans is with Vernon and has played in 28 games and been at bat 109 times making 12 runs on 22 hits, with 2 three baggers. His average is figured by the coast sharks at .202.

Word now comes from Los Angeles that commercialism and the introduction of fast cars into the Los Angeles-Phoenix race has caused the demise of the desert classic. The sport scribes over there are hollering their heads off over the fact, that an honest to gosh amateur can't take most any old car out of the garage, put on a pair of extra heavy tires, inject a little pep of some sort or other, and go out and make the trip across to Phoenix. Perhaps all of this may be somewhat true, but for time, nerve and a real and true demonstration of what a car can do, it takes a REAL driver in a real fixed up car, and sent along at a real speed. It may have been some race when the amateurs were driving, but who outside of the two cities in-

ATTENSHUN YOU CUBS LEWY CALLS MEETING

The Cubs Athletic Club will hold the weekly meeting tonight at eight o'clock. This meeting is designated as "Dues Meeting" and should be well attended. The election of Athletic Team Captains will be held at this meeting.

At the last meeting Earl Reno was elected president, Holmes Mann was re-elected vice-president, Lewis Irvine was re-elected secretary. Bus Rhodes was elected treasurer. Holmes Mann was also elected Sergeant-at-arms and Edward Edwards was elected Athletic Director.

The new officers will take over their charges tomorrow night. Plans are now being made for the installation of some showers so members can take a bath after a tough game of some kind on a warm afternoon. This is only one of the many new devices that will be installed for the coming year.

repair was estimated at \$23,725. In addition there are 2000 acres of land, most of it susceptible of irrigation, and valued at from five to twenty-five dollars per acre. In addition to this land there are two school sections lying within the tract, which automatically revert to the state, making the total acreage 2280. The school sections are in addition to and not a part of the grant.

The military post at Fort Grant, one of the largest in the southwest was established in 1872, when a large garrison was kept in southeastern Arizona against the Apaches. It lies at the western base of the towering Graham mountains, and overlooks the Sulphur Springs Valley. The altitude of the site is a little less than 5000 feet. Since 1912 the old post has been occupied by the state industrial school, permission having been granted by the interior department in anticipation of the filing of the selections by the state.

The post is composed of 55 buildings, most of which are still in fair shape. They are built around a parade ground 675 feet square. The land, part of which is now under cultivation, is all considered susceptible of agriculture, there being a good supply of water from the nearby mountains.
